

EyeDropAlarm is a free app to help remind you to put in your eyedrops. Download the app from eyedropalarm.com or scan the Android/iPhone QR code

Features include:

- Quick setup. No login required.
- Simply select your eyedrops from the app's extensive database. No need to type in each one.
- Alerts clearly indicate which eye and the bottle cap color.
- Can set up schedule in advance of upcoming eye surgery.
- Includes useful tips on how to insert eyedrops.
- Option to taper drops.
